MOTION TO PROVIDE LEGAL COUNSEL
(TO PEOPLE THAT DON'T KNOW BETTER
ABOUT WHAT THE COURTS ARE)

I. Parties to the complaint:

Marilene Velayas
Respondent

Kelly Michael Velayas
Petitioner

D.A.V.
Child

II. Motion for Legal Counsel:

This motion is to provide – Free Speech (Legal Counsel) – in Legal Document form – to subvert the crimes committed by Lawyers – that illegally (claim) an Act of Congress overwrites the US Constitution – and takes away Free Speech – creating what I call a, “Free Speech Conundrum” – that claims Americans cannot speak about (our laws) our own US Constitution – so *they* (lawyers) can make more money:

Note: Per Judge Burgess (stated on the record – on May 14th, 2025 – in this court case):

MR. VELAYAS: Can I ask a question to the Court, Your Honor?

THE COURT: Yes, sir.

MR. VELAYAS: Can the Constitution be written or overwritten or changed by an act of Congress?

THE COURT: No, the Constitution can only be amended by an amendment passing through both houses of Congress and then ratified by two-thirds of the State within a 20-year period. I may have that period wrong. But that's how the United States Constitution is amended.

Thus – Travis County Civil Court recognized that an Act of Congress (the Patriot Act) cannot overwrite the US Constitution – and Americans have Free Speech – and there never has been an Amendment that has infringed or taken away any part of *our* – Free Speech – in any way...

Overall view of the courts (lawyers and judges):

Note: Don't think you have The Right for a fair trial. That is not the purpose of the courts:

The Judicial and Penal Systems:

- 1) Currently, the Judicial and Penal systems are being systematically destroyed by Mexico (and their various insurgents – called “The Mexican Mafia” all those that enter and “Immigrate Illegally” into the USA – that smuggle drugs into this country – and thus into our jails, with the specific intent to corrupt everything – for the benefit of “The Elite” of America – and for Mexico – strengthens their nation – and allows them to obtain revenge – for the many loses – in direct combat – against the USA – in the wars that were fought between the two nations. The results are simple: to create mass-control (a cauldron of chaos) for the 95% of Americans – so the few will have total complete autonomy. And the values of Americans – of equality – will no longer exist.
- 2) All of the courts are controlled by a Secret Society – the Masons – and is thus – by our laws – theoretically, “Bias” but is not recognized as such...
- 3) The Judicial System – and thus all Lawyers – are (all) actually a scam – to protect various crimes, not limited to the confidence scam called “Higher Learning” which is not necessarily learning anything of importance or value – and is more like an excuse to be of a higher station in life – above everyone else. And reason – to allow these individuals to commit crimes against others.
- 4) One of the main reasons the Judicial System exists – is to weed-out – commit crimes against various people – that they (lawyers and judges) no longer want in society – for any number of reasons. All the judges and lawyers do – is read tells – movement of eyes and reactions and such – in an attempt to understand your station in life – then to conspire to throw you in jail – if they so decide.
- 5) The Indian immigrants – that are allowed to immigrate into this country – are only allowed because they are aligned with the Masons – and have made a complete mockery of their country – and are assisting the Masons – here in the USA to do the same. The only reason the Indian immigrants are here is to commit crimes against Americans – in various capacities.

Note: If you go against the courts – expect Doctors and Dentists to commit endless crimes against you. Not limited to creating a situation, and or convincing you that you need a procedure to – to use an oxygen mask – only to lower oxygen levels, and or (Dentists) will create infections in your mouth. Et cetera...

- 6) One of the many aspects of the court (and their protection) is to prevent the testimony (control what is spoken about) the crimes of the (so-called) “elite” – which includes abusing infants, toddlers and children.
 - a. Example: Women rubbing the vaginas of females (toddlers) to create sexual pleasure – to get the girl's sexuality active at a young age, before she is mentally ready to deal with it. Thus, many of these girls become “sluts,” sexually active at a young age.
 - b. They also will not allow – the abuse of infants historically known as “Witchcraft” in their court rooms. Jabbing and spanking an infant while speaking – to create a submissive subconscious – to voices (usually a female's). This is done, so 1 month after the infant is born, a woman can say “Sleep” and the baby will fall asleep on command. Also: rubbing the genitals while laughing, and giggling...
 - c. Also, known historically as Witchcraft – the jabbing and spanking an infant when the baby begins to think – will transfer the conscious mind into the subconscious – that can steal intelligence from the child – and make him or her susceptible to manipulation, especially later in life, and create what doctors and teachers call “Dyslexia.”
 - d. Also, mothers will rub their child's anus while washing their gentiles – to create sexual pleasure – which creates an urge to place something up their anus, when they enter puberty (which creates homosexuality).

Note: There are many elements – and forms of infant abuse – that is not allowed to be spoken about in the courts – specifically, because the Secret Society – the Masons & their female counterpart The Eastern Stars – use these techniques on children – for their control. And they are those that control the courts.

Travis County Civil District Court

What is “The Law” and “The Courts”

- 1) The first thing you must understand about The Courts – is this: All judges and lawyers are part of a Secret Society – The Masons – a very tightknit group – or gang (association) – that has overstepped their bounds – and taken control of the USA – through a process (that was created) to keep Law, Order & Justice – for American citizens (to keep the peace) – but was subverted and has now become pure corruption (for the purpose of control). They – to empower those that are within their Secret Society – in fact – committed endless crimes against American citizens in various forms. Not limited to – allowing the invasion of the USA – and defending those that invade us – to create chaos (in the lower levels of society) to give them (those who wish to be elite) more autonomy and power.
- 2) The definition of “elite” is: Those that are allowed to commit crimes against others (with impunity). Which has become the purpose of The Courts.
- 3) All the movies about the courts – are a lie. No lawyer will sue the government – or any court – without the approval of that entity. You do not understand the level of control at this “place” in society.

Note: All churches are controlled by The Court – the Secret Society – even a great deal of the Catholic Church is – in fact – controlled by the Masons. And the Catholics are supposed to be opposed to this Satan worshipping group (or cult).

- 4) Everything is a lie (scam) to maintain status quo. If you begin to disrupt the existing order – in the courts – and you begin to speak openly – or tell the truth – expect your personal life – and professional to be destroyed. I’ve seen an individual who argued in court – and was forced (by mass manipulation in society – as a whole) to work for a school bus company – and his school bus was sabotaged (the air brakes were manipulated) to create an accident.
- 5) Do not expect any news agencies to cover any part of your court case – no matter how ridiculous and insane it gets. The only mishaps, mistakes, insanity, catastrophes that will ever be reported in the news, are the ones created (manipulated and approved) by the higher (elite – Masons) in society. Meaning: Only when you do something bad – or commit a crime – will “You” be put in the news. I’ve seen men screaming at judges – even give a hail Hitler salute to a judge – a man got thrown out of the court – I’ve even seen a court case declared a “Conspiracy” by a judge...All was a conspiracy to get someone raped – and the court transcript sent to reporters – but nothing was ever put in the news.

Lawyers:

- 1) Do not expect to be able to hire a lawyer (to represent you) in any case (cause) lawsuit. They get to decide if and when – they will be hired.
- 2) All lawyers will sabotage your case – if they are so directed to by the courts. If you insult or use Free Speech – you can expect all the lawyers to endlessly harass you – and direct all of society to harass you (including the churches) until you do something – and are thus arrested and put in jail.
- 3) Expect all lawyers to give perjured testimony in any court case against you – if they are so directed to do so. And – they will not be held accountable for any crimes they commit. Most law enforcement – cannot arrest a lawyer – even when their crimes are proven – in court.
- 4) You cannot obtain testimony from a lawyer that has worked on a case (of yours) – no matter what. Although the only people lawyers commit crimes against are their clients – no – their clients cannot force lawyers to testify about the crimes they commit against their clients (even if they are subpoenaed).
- 5) The court will not enforce your subpoenas, and all the judges will demand you hire a lawyer for any court case you have – and if and when you do not – they (the judges) will dismiss anything you attempt to do.

Judges:

- 1) Judges will lie to you about everything – and claim you have to subpoena those that are part of your lawsuit (when in fact that is a lie). Those who are listed on a lawsuit (either the defendant, respondent, petitioner, et cetera) only needs to be “Notified,” of a court hearing, or trial. Anyone else – that is not apart of the lawsuit – or charges – must be subpoenaed.

Travis County Civil District Court

- 2) Judges will order – conspiracies run against you – for you to be thrown in jail – with the specific purpose for you to be raped by inmates – and it will be the jail guards that will threaten the other inmates, to force them to do it.

Representation:

- 1) When you represent yourself – you are recognized as “Pro Se.” But the judges will not allow you to represent yourself as Pro Se – they will demand you hire a lawyer – because the courts are a scam to provide (and create) an elite group of people – that do not do anything, except maintain, “The Elite.”

Terms & Attempts to Confuse:

- 1) The courts use Latin terms to confuse those that do not know better – but that’s the only reason. And all the endless law books are also nonsense. A complete waste – that lawyers point at – just to make you think that they studied hard and did something. The only thing they learned in college was how to endlessly harass and subvert the law. Which is their only true purpose.

Court Reporters & Transcripts:

- 1) Court reporters will not write – exactly – what was said – on purpose. And the courts (usually) will not record audio – because they want to manipulate what is said in their courtrooms. But, regardless, the truth doesn’t matter anyway – even if you prove a truth – that makes the Judicial System look bad – you will only enrage everyone to commit even more crimes against you...
- 2) Also, the “Court Transcripts” will cost hundreds of dollars – even for just a few pages. I’ve seen 4 to 5 pages cost as much as \$350.00. And the individual that requested the transcript only asked for it (the transcript) because a Court Appointed Lawyer – gave perjured testimony – that was proven to be perjured. And the judge admitted – on record – that the entire court case was a conspiracy. Regardless – nothing matter – and the individual still lost custody of his son.

Different Scams to Get You Arrested:

- 1) All kinds of scams will be run against you – by the court – if you attempt to represent yourself (Pro Se).
- 2) You can – never – approach the bench – unless requested to by the judge. This is a common tactic by judges and lawyers – to get common citizens arrested, and charged with Contempt of Court – and or Attempted Assault.
- 3) Other scams by the court – that will create major issues (for you) is when you subpoena someone. I would use a Process Server – a company to do the job – especially, if this is your first time and you are unsure what you are doing. The Constables can also serve Subpoenas – but they take their job very seriously – and don’t appreciate those that do not.
- 4) I’ve seen a Pro Se individual forced (by the courts) to serve subpoenas – with the Constables – and was thus denied – by a judge – to have his day in court (denied his hearing). This would create a major issue with the Constables – and show a great deal of disrespect for their service.

Subpoenas:

- 1) Subpoenas are simple forms – to be filled out – then served to the individual(s) that you wish to obtain testimony – in your case. Theoretically, if the individual(s) do not appear for – the court date (hearing) then they are supposed to be consequences. But – for you – the courts will not enforce your subpoenas. I’ve had 11 subpoenas served – and not 1 single judge enforced – any of them.

Note: If someone doesn’t appear – you are supposed to file a Writ of Attachment – to impel them – or forcefully bring them to court. At which time – they are supposed to provide a reason, as to why they didn’t appear – and give your requested testimony. But, you should also be able to Request a Bench Warrant (for their arrest) and or a Motion of Enforcement – but it doesn’t matter – the courts won’t do anything for you – regardless of what you do.

Travis County Civil District Court

Court Rulings:

- 1) Court rulings – theoretically – are The Law, and if someone refuses to abide by a Ruling – they are breaking The Law. But, many that work – in the court – do not follow the Rulings, and when they don't – there's little of no recourse.

Note: Many of the court appointed lawyers won't even read The Rulings – to even know what The Rulings are – let alone abide by them...

- 2) If you are Pro Se, you may file a Motion of Enforcement – to force someone to abide by a Court Ruling – but then you will need to schedule another hearing – just for the Motion of Enforcement – to be heard.

Note: No lawyers will file a Motion of Enforcement against anyone that works in the courts – especially a court appointed Lawyer of Lawyer Ad Litem – because of the repercussions of a Motion of Enforcement. You must remember: They are all part of the same club (Secret Society), and if they get someone in their club in trouble – then they will become “Marked.”

- 3) Many of the Court Appointed Lawyers – specifically break the Court's Rulings – just to get the individual (whom is seeking justice) angry – at which time – at some point – they will do something wrong – and thus arrested and thrown in jail.

Filing Lawsuits:

- 1) Don't ever file a Lawsuit in the court (Pro Se) because this will be reason to get you thrown in jail.

Note: I've seen a Pro Se Lawsuit – and the filer was arrested the day after he began summoning Attorneys in his lawsuit – and the Lawyer that filed the charges (for his arrest) admitted that judges contacted her to file the charges – for his arrest.

Motions in the Court:

- 1) At most – Lawyers – will file 1 Motion in your court case – which will be your motion for a (or your) hearing – and nothing else. Judges do not like to see too many filings in a court case. So, the Lawyers – don't file Motions. They just won't do it. In truth – what is – and what's allowed in court – is very little. 99% of everything that's written and documented – and in legal books – et cetera – is of no consequence whatsoever.
- 2) All most all motions – have a specific time frame – in which they are to be submitted to the Court Clerk.
- 3) Motion of Enforcement – is a Motion to impel someone to follow the law (a court ruling).
- 4) If you are Pro Se – none of the following Motions matter – there is a specific time in which you are supposed to file these motions – and you will not know the outcome or know about (or care about) the many crimes committed against you – to file such motions – until after your verdict is rendered. At which time – almost all the Motion (time frame) will have lapsed. Besides, the Judge – will in fact argue – against your Motion(s) – in the place of the Prosecutor or Petitioner – to prevent any of the following Motions from moving forward (realized): Motion to Dismiss, Motion to Stay, Motion to Proceed, Motion for a New Hearing

In Conclusion:

The courts are a complete scam – you must stay out of them – and if and when your wife accuses you of “Abuse” – which is about 90% of all family court cases in this country – “females that are abused” – you will need to work-out everything – out of court. The courts are all controlled by women (period). Even the male judges are controlled by women. Same as our schools.

The female judges will overrule Doctor’s testimony – will forgive all the crimes your wife or girlfriend committed against you – even if she (your wife or girlfriend) admits she perjured testimony – or poisoned you – or physically attacked you – or broke court orders (or any other laws for that matter). It doesn’t matter.

Your wife or girlfriend can even claim you sexually abused children – at which time her testimony doesn’t render abuse – and a Child Protective Service investigation is done – and renders you innocent of wrongdoing. And – then – you can even throw yourself in jail – because no man would even voluntarily go to jail (whom has abused children) as a Civil Disobedience protest – to prove your innocence. It still won’t matter.

You don’t understand – the Judicial and Penal systems have been completely corrupted! Nothing will matter (period).

Females don’t even need to provide testimony – all they need to do is cry and throw a 5-year-old childish tantrum – and they will get the ruling they requested. You don’t understand – the courts – are literally in place to hide and protect those that abuse infants and children. That is the main purpose of the Secret Society – those that controls The Courts.

Note: Even the judges and lawyers – that practice Family Law – believe in Abortion (killing infants) and are – for the most part – single parents because they couldn’t hold their family together.
